## Green and Blue Economy in Private Sector Development in ACP Countries

This document aims to collect, organise, screen and share relevant knowledge and information on **Green and Blue Economy in Private Sector Development in African, Caribbean & Pacific countries**: regulations, strategies, activities and programmes, projects and platforms, good practices and opportunities.

This **knowledge base**, developed for the wide audience of OACPS Platform users, focuses on key thematic areas linked to EU in the context of OACPS countries, i.e.: EU Development Cooperation, EU and ACP Development practitioners and international partners, **Private Sector Development in ACP countries**.

*NB The information listed below is NOT exhaustive. This document will be periodically updated and disseminated.*

### Contents

1. Green and Blue Economy in EU-OACPS Intra-ACP Private Sector Development Programmes
2. Green and Blue Economy in EU and EU-partners International Cooperation
3. Green and Blue Economy within OACPS Regional Private Sector-related Organisations
4. Green and Blue Economy within the European Development Financial Institutions (EDFI Network Members) And Other European Bilateral DFIs
5. Green and Blue Economy within Development Financial Institutions – Multilateral DFI
6. Green and Blue Economy in other Relevant Private Sector Development Initiatives
