## ONLINE LIVE EVENT

28.01.2021

## Democratising access to social finance

Part 2 of the Series on Innovative Financial Instruments for Impact

### ABOUT THE ICR FACILITY

The ICR Facility is co-funded by the European Union (EU), the Organisation of African, Caribbean and Pacific States (OACPS) under the 11th European Development Fund (EDF), together with the German Federal Ministry for Economic Cooperation and Development (BMZ) and the British Council. It is implemented by GIZ, the British Council, Expertise France, and SNV.

The ICR Facility supports specific and targeted interventions at the economy-wide, sectorial and value chain level with Technical Assistance for up to 90 days based on requests. Requests can be handed in by OACPS public and private stakeholders according to the eligibility requirements. The ICR Facility offers Technical Assistance in the field of Business Environment Reform for inclusive and sustainable economic development on the basis Public-Private Dialogue.

Given the scale of social and environment challenges across African, Caribbean and Pacific (ACP) countries, access to finance for social enterprises and inclusive businesses – well-placed to tackle these challenges – becomes a priority. Due to the variety of social enterprises and inclusive businesses across ACP countries, what are the best ways for financing actors to support their specific needs? What are the product, process and policy innovations that we can learn from?

### WHEN

28th of January 2021  
2:00-04:00 PM (CET)

[REGISTER NOW](#)

This online event will be focused on supply of social finance in ACP countries, featuring key financing actors across the public and private sectors. We will also discuss policy options and recommendations to promote a more inclusive relationship between the demand side and ensure that finance is tailored to the needs of social enterprises.
